India

Aged for Action

Living in Southern California, India knows how important appearances are. Competing against fresh-faced youngsters can be tough, however India has always taken care of herself and worked out regularly, so she is quite the well-preserved MILF. This is a good thing, considering she is newly single and back on the market. Since it's been a while since she last dated, the scene can be a bit intimidating, however, India takes it in stride and, so far, has done pretty well for herself.

India's never really had much use for older guys, and given her age, they would, most likely, be little use to her. While she's no cradle-robber, she prefers guys who are old enough to be well trained, but young enough to keep going for hours. Being hot doesn't hurt either.

Since she's put so much effort into keeping herself healthy and in shape, she requires the same in her partners. So far, she hasn't been disappointed and her sexual romps have never been more energetic or satisfying.

They met this guy at the same support group. He was a mess after discovering that his wife was sleeping with his best friend. Having two lovely cocksuckers work you over softens the blow, don't you think?

She met her current fuck,
where else, but at the gym.
He's got some tricks up his
sleeve which leave even her
blushing. She loves the way
he can toss and bounce her
around so effortlessly.

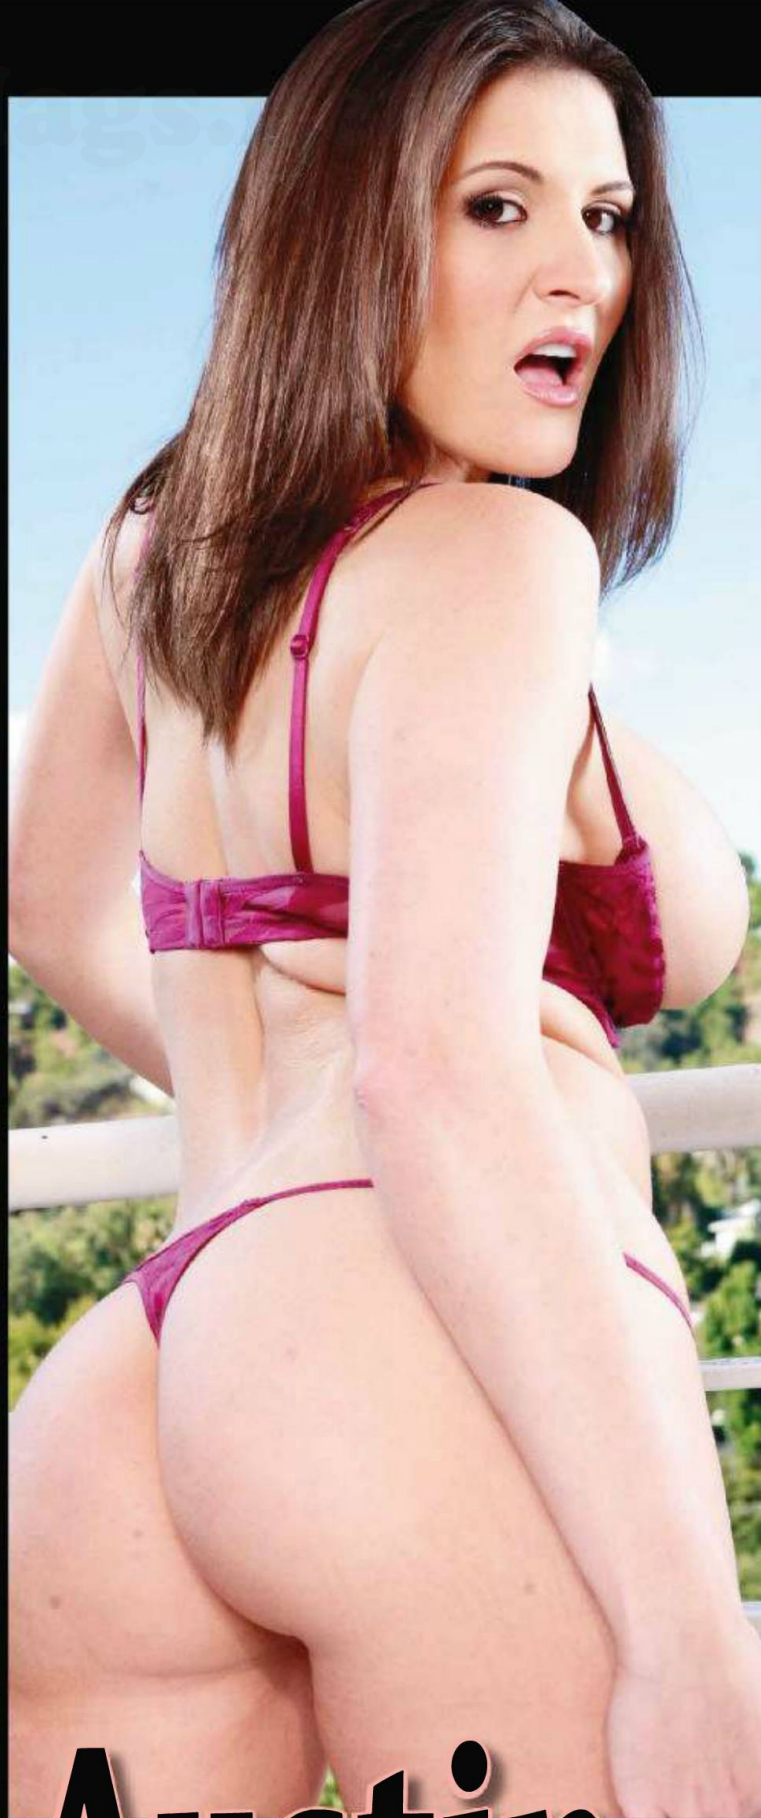

Austin
Every Guy's Favorite MILF

Austin has always been sexually voracious, and this drive has only increased through her 40s and now early 50s. It hasn't helped that her husband seems to have lost all interest in any type of carnal activity. He never was very impressive or satisfying in the sack, but as he aged, he started filling his time with golf instead of fucking.

This is where Austin's sons come into play. Though they're attending college, they still live at home. Rather than being an imposition, this has provided Austin with a whole new set of potential playmates. They're young, horny and ready to experiment. Austin has no qualms about being their private sexual tutor.

Though guys of this age seems obsessed with sex, many of them have little experience and don't actually know what good sex is. As a mature woman, Austin's had plenty of time to perfect her skills and loves to show these youngsters what a great fuck really feels like.

Her sons don't know what their slutty mom is getting up to, and this just makes her conquests even spicier, since there's always the chance she could get caught.

Banging a buddy's mom is most guys' fantasy come true, but when the mom is as hot as Austin, it's even better.

There a lot a woman like this can teach, and
you better believe her lessons are very thorough
and graphic.

Austin's got a new grasp on life and is loving every minute of it. Though, for a woman like this, newcomers are always welcome.

Lena

Back to More Than the Basics

Though Lena's got 3 grand kids, that doesn't mean that she's slowed down one little bit. In fact, she's busier than ever - both in and out of the bedroom. Once her kids moved out of the house, her sexuality really kicked into overdrive. Finally, she and her husband were able to be as rowdy and raunchy as they pleased, experimenting on a completely new level.

Products of the 60s, both Lena and her husband had always been open-minded, though they had tempered their behavior when their kids came along. Now, however, they're able to get back into the swing of things - literally. Swinging has provided them with all sorts of fun opportunities and exciting new partners.

This granny ain't no prude. She's always believed that a person's only as old as they act and has tried to live accordingly. So far, it seems to be working for her.

While some people might frown on such shameless shenanigans, Lena's having the time of her life. A pure slut at heart, it just couldn't be any other way.

WorldMags.net

These two have nothing to lose and you better bet they'll take advantage of every opportunity that comes their way. If you'd like to swing with the best, give Lena a call.

All submissions become the property of Blair Publishing, Inc., and up to our discretion to publish them – or not. Either way, we enjoy reading them all.

To the Editor:

I'm a thirty-six year old woman who has been married twice, divorced twice, and have no children. My best friend, Maria, is also thirty-six, has been divorced for five years, and has no children.

We were almost inseparable until three months ago when she met a man at a bar one evening and the man charmed her so much that she left and spent the night with him. That was very unusual for Maria—she is a very cautious and wary—but this man just swept her off of her feet. I could see why. He was good-looking, is almost spellbinding as a story teller, has a great job, and is single. I would have gone home with him also, but Maria beat me to him.

She is 5'9", with huge breasts and a narrow waist that turns into wide full hips and she works very hard at staying in good shape by running four miles every morning.

We still talked every day and saw each other for a drink once or twice a week, but for any other time, she was with Bob. I missed her and when she called me and set a date for us to have dinner at Bob's and her apartment, I jumped at the chance.

The reason that she was available was that Bob was on a business trip. It was like old times and we had a wonderful dinner, all the while, drinking too much wine, which, I think, caused Maria to tell me what she and Bob had been doing.

She said that first night when she went

LOVE SLAVE

home with him to his apartment, he didn't even ask her, but just drove home. When he got her into his apartment, he told her to remove her clothes as he went to make another drink for both of them. She didn't know why, but she stripped naked and stood where he had left her until he returned with their drinks. He had told her to keep on her high-heels, and so she did what he asked. He took her in his arms and kissed her. He told her to drop to her knees and unzip his pants and take out his cock. As she held it in her hands, he simply said, "suck it." She said that she had always sucked her men, but none had ever cum in her mouth.

When he was ready, he put his hand on the back of her head, and shot a big load into her mouth and told her to swallow it. She did so, and said she

loved it. He then had sex with her in a number of positions, and she said he was the best lover she had ever had.

The next morning, she sucked him again and he sucked her to many orgasms, which she was never able to do before then, and drove her home and then he left for work.

That day at about two PM, three-dozen long-stemmed red roses were delivered to her office with a note to be at his apartment at 8:00 that night. When she went home to get ready, there was another note under her door, telling her to wear a garter belt and stockings with a thin sheath dress with nothing on but her stockings and shoes. He said that he wanted to see her nipples through the dress to turn him on. Since it was autumn, he told her to wear a coat.

When she arrived, he removed her coat and brought her into his study where a fire made the room very cozy. He handed her a drink and they began to get to know each other. After about an hour and three drinks, the doorbell

rang and he went to the door and a few minutes later entered the room with a man he introduced as John and said that John was a dear friend. Maria was very embarrassed at John seeing her dressed the way she was, but both men hardly noticed and when Bob asked her to stand, she did so. He got behind her and started to kiss the back of her neck. As he did this, he cupped her breasts in his hands and asked John to come over and feel her tits. He then slowly pulled up her dress until her pussy was exposed and both men began to finger her.

As she got to this point in the story, we were both getting horny and wet. She started to move her hands which were on her lap into her groin and I was doing about the same. She said that Bob always used vulgar names for sex talk and wanted her to do so, also. Words like cunt, cock, fuck, suck and all other four letter words were used liberally while the two men took off her clothes.

She admitted that she had no idea why Bob had such an effect on her, but anything he did aroused her like she had never been aroused before. She could hardly wait to take on these two men and before Bob, she could not have even imagined it. They also stripped and began to do anything they wanted with her. They pushed and pulled her in any way they wanted and she loved it. They both fucked her in her ass, and this was a first for her. She loved it and when one was in her ass and the other got into her cunt, she started to cum continuously.

After the men's first orgasm, they had her get in a number of sexy poses while they called her a slut and some one who was only good for fucking and her only reason to be was for pleasing men. She was so hot as they talked to her that she started to rub her cunt. Bob told John to put his cock in her mouth while he shaved her cunt. As she slowly slurped John's cock, Bob got a hair trimmer and removed most of Maria's cunt hair.

He then lathered up her triangle and shaved her bald except for a small tuft at the top of her bush.

I asked her if I could see her cunt and she lifted her skirt and showed me her swollen cunt lips, her wet hole, and large clitoris. With that, I also got naked below the waist so that I could seriously rub my clit while she continued with her story.

Bob rubbed some lotion into her shaved pussy and then started to lick her until she started to cum and furiously suck on John's prick until he shot a load into her willing mouth. As she licked the cum from her lips, she told John that she had never sucked a cock of a man whose name she didn't know. He said that this was just the start of her sucking strange men. When he said that, Maria told me, she got a shiver of a

thrill at the thought of being Bob's sex slave.

He had her move into his apartment and most nights, they have wonderful sex alone. About twice a week, he brings one, two and one night, four other men in to do whatever they want to her. He even brought in a woman one night and she had her first lesbian experience. She says that every day she is more and more accepting of anything he wants to do to her. He took her out one night to a tattoo parlor where she had her nipples pierced. The man then put in little gold pins thru the nipples to keep the holes open. When it came time to pay, Bob told her to suck the man. She dropped to her knees and gave him a long blow-job and looked at Bob to see if he wanted her to do anything else.

— Bobbie

Aline & Riley

Retired and Living the Life

Up until Aline met Riley, she'd led a pretty boring and unadventurous life. This all changed with the former porn star moved in next door. Though Aline wasn't aware of Riley's past occupation, she was inexplicably drawn to her infectious and seductive personality. They started spending more and more time together and, before too long, things were getting downright frisky.

Though Riley had retired, this didn't mean that her libido had faded one little bit. While she was active, she had mostly been into girls and Aline was just her type - sophisticated on some level, but also sultry and sensual in a very understated way. Riley couldn't wait to tap into her unexplored depravity.

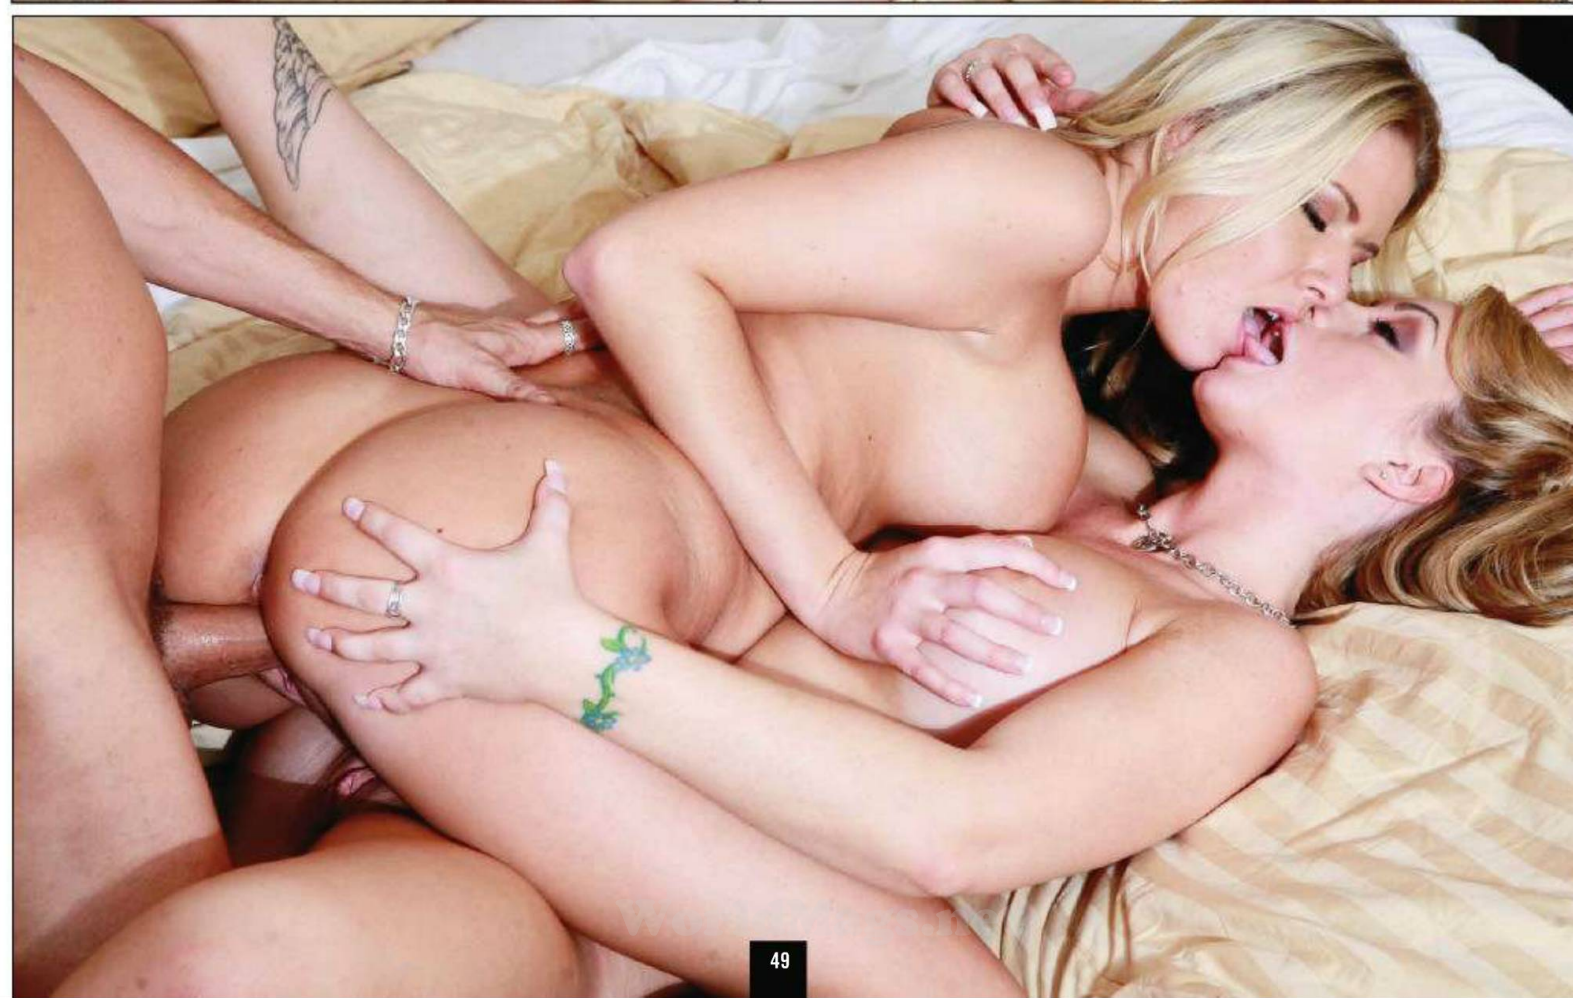

Turns out Riley was in for a surprise. Though Aline had been living a rather demure lifestyle of late, she'd had a sordid past and was well acquainted with how to treat a cunt. All she needed was an excuse to delve into her past repertoire.

Though both of them preferred women, they enjoyed the occasional cock - especially if they shared. It just added another kink to their already red-hot sex sessions.

There's just something extra nasty about screwing the prick which was just buried in your girlfriend's cunt and ass.

You better bet that with these two hungry gals, not a drop will be wasted. And they're always hungry. Do you have something to feed them?

Two Sluts and a Pole

Thirty years ago, Dani and Cheyenne had danced at the same club and since then, they've been best friends. Of course, with new talent arriving on a daily basis, these two couldn't fight the competition and have been off the pole for several years. That doesn't mean that they've become any more subdued or less prone to exhibitionism. Quite the contrary, in fact. They're even more comfortable with their sexuality and see nothing wrong with very public displays of girl on girl affection.

In fact, they love to get skanked up
and hit bars, looking for a boy toy with
whom to play and use for their plea-
sure.

And when these two are in the mood for fun, nothing will stop them from reaching their goal.

Not that this is something difficult to achieve. After years of living and playing hard, they know the most direct routes to their mutual satisfaction.

Though they might be returned,
they're always looking for new
poles to polish. Are you up for
the ride?

Laura

Revenge is Best Served Hot

Laura was just unlucky enough to catch her fiancé cheating with some slut less than half her age. While she could have been bitter... well, okay, she was bitter... but instead of getting depressed and moping about it, she decided on a much healthier approach. Healthy being a relative term, of course. For quite some time, she'd been rebuffing the advances of a 30-something stud at her gym. Unlike her pitiable fiancé, she'd been faithful, despite his near-constant flirtation. Now, however, all bets were off and she decided to give the bastard a very real taste of his own medicine. She figured some very graphic photos of the younger hottie, balls-deep in her cunt, would do the trick.

While she'd never really been a very vengeful person, she couldn't stand to be disrespected and betrayed - and as far as she was concerned, the wedding but a few months away, this was the ultimate betrayal. Definitely enough reason to break her own rules.

Her accomplice was more than happy to help her out. After all, she has something he'd wanted for a very long time. Regardless of the circumstances, he was just happy to be able to finally be inside of her. The fact that she wanted to take pictures made it even kinkier.

In fact, the experience was pretty cathartic for Laura. It was more like she was fucking him instead of the other way around. What better way to work through her anger than with a nice, raw aggressive screw?

She spared no expense. She wanted him to know exactly what he'd lost.

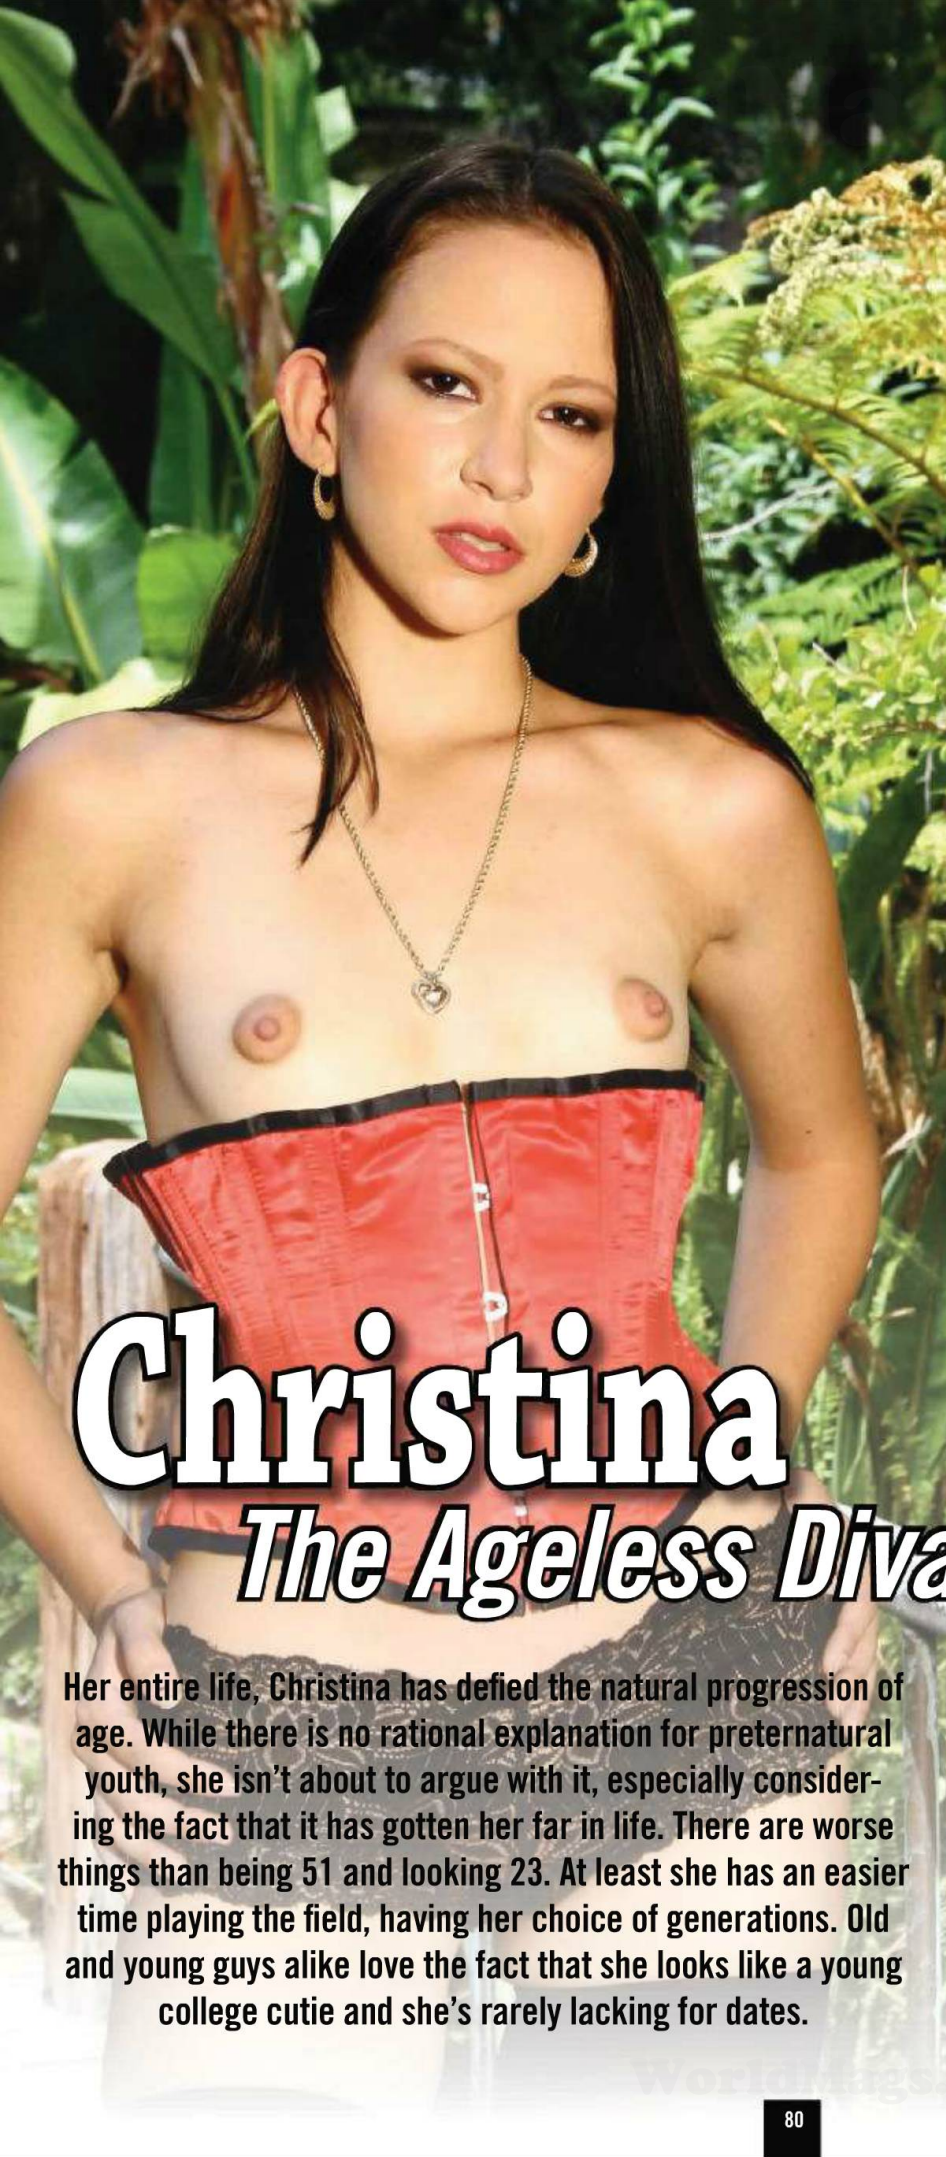

One man's loss will lead to the pleasure of many others. A woman like this deserves nothing less and she's waiting for your call.

Christina

The Ageless Diva

Her entire life, Christina has defied the natural progression of age. While there is no rational explanation for preternatural youth, she isn't about to argue with it, especially considering the fact that it has gotten her far in life. There are worse things than being 51 and looking 23. At least she has an easier time playing the field, having her choice of generations. Old and young guys alike love the fact that she looks like a young college cutie and she's rarely lacking for dates.

Her daughter's often complained that she looks younger than her, at which she laughs, though it's not far from the truth. When they go dancing together, guys fall over themselves, trying to get a date with the hot "sisters."

Of course, she's had more than thirty years to perfect her technique, which baffles most of her partners. She enjoys demonstrating her multiple talents, getting herself off in the process, of course.

When she's in the mood, it's open season on all three of her holes. She's an equal opportunity slut and likes a little bit - or a lot - of everything.

You don't run across a woman like
this very often. Make sure to get her
while you can.

Dr. Sabrina **returns** with more **words** for you

Okay, so I'm not the type to kiss and tell. But I will, just this one time, just for you.

**It's now my turn to tell you
about my latest smooch.**

**If you have questions
about the opposite sex or
even yourself, then Dr.
Sabrina has the answer.**

To my readers,

Last issue I ended my column without giving you all the juicy details about my adventure with Danita, an old school-mate. I'm such a tease.

Well, I'm back and this time I promise not to leave you hard and hanging.

I had never been with a woman before, I know, hard to believe about someone with so much experience. I don't know if it was lack of opportunity that had pre-

vented me from enjoying the pleasures of the female body during all these years of sexual experimentation or if I was just being hesitant.

Anyway, who cares, right?

When we got back to my hotel room, Danita and I silently poured ourselves a couple of stiff drinks and sat down on the couch. Nothing much was said but there was a sexual charge in the air that's a little difficult to explain. We

both knew what was going to happen although neither of us was taking control. Finally Danita finished her drink in one big gulp, licked her lips and motioned me to come close. I was shaking like a little school girl but I told myself that it was now or never if I wanted to lose my cherry.

We were now face to face and Danita started caressing my shoulders, and began showering my face and neck with soft kisses. I could get used to this, I thought.

Slowly at first, but not for long, I started returning her kisses and it wasn't long before our lips and tongues were intertwined. It felt like heaven, very different from all the men I'd been with.

At this point I was very turned on and wet, so I offered up no resistance when Danita started stripping me of my clothes. Once she had me naked and eager, she began to explore my body with her tongue and hands.

She knew just how to tease, and soon had me pleading with her to eat my pussy before I went crazy with lust. Her little tongue was darting in and out of my cunt and asshole and once she started rubbing my clit with her fingers' I knew I couldn't hold out for long.

She inserted one finger and then one more before I started bucking with the first of many explosive orgasms I was to experience that night. I scolded myself for having waited so long.

Next issue I'll tell you about my first taste of pussy.

Love to all of you. – Dr. S
